[1] Authorization contained in the Mutual Security Act.
[2] Not to exceed $2,150,000 to be available for administrative expenses.
[3] Not to exceed $1,800,000 to be available for administrative expenses.
[4] This total does not include unobligated balances of prior year appropriations requested to be continued available. Unobligated funds of approximately $6,500,000 which the administration proposal and House bill would have made available for use in 1961 are to revert to the Treasury. Although the Senate amendment authorized a 1961 appropriation of $3,500,000 more than the House bill and the administration request, it will result in a total availability of $3,000,000 less.
[5] Does not include unobligated balances from prior year appropriations amounting to $6,500,000 which are authorized to be continued available.
[6] Control Act expenses, formerly authorized by sec. 410, are included in sec. 411(c).
[7] In addition, all unobligated balances estimated to be $52,514,000 are continued available.
